

Kooky Bear

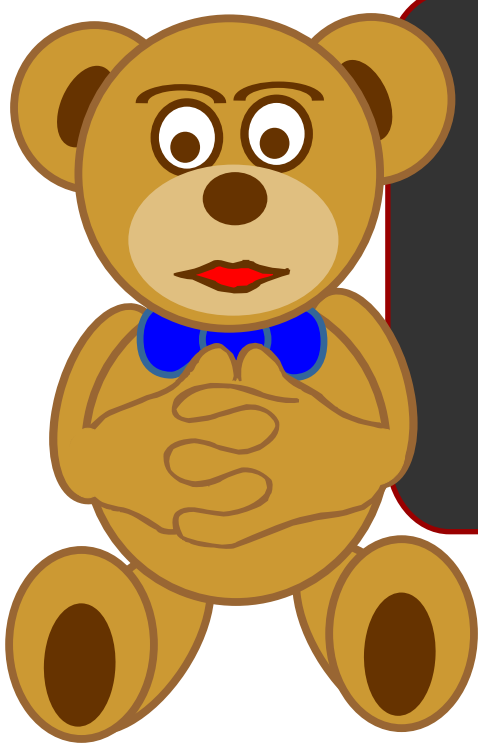

Name: Kooky Bear

Good morning bears! There'll be a new bear in our class.

His name is "Kooky Bear".

Kooky
Bear

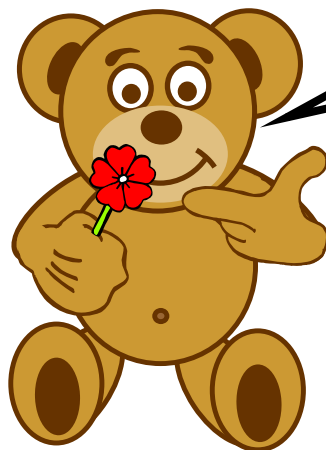

His parents say he's the sweetest bear in the whole world.

This is Kooky Bear. He's a nice, calm brown bear but...

He's not always like this! Sometimes he's different.

Sometimes he's cheerful, friendly and happy.

I've got a flower
for you, Miss!"

Sometimes he's quiet and sometimes he's sad!

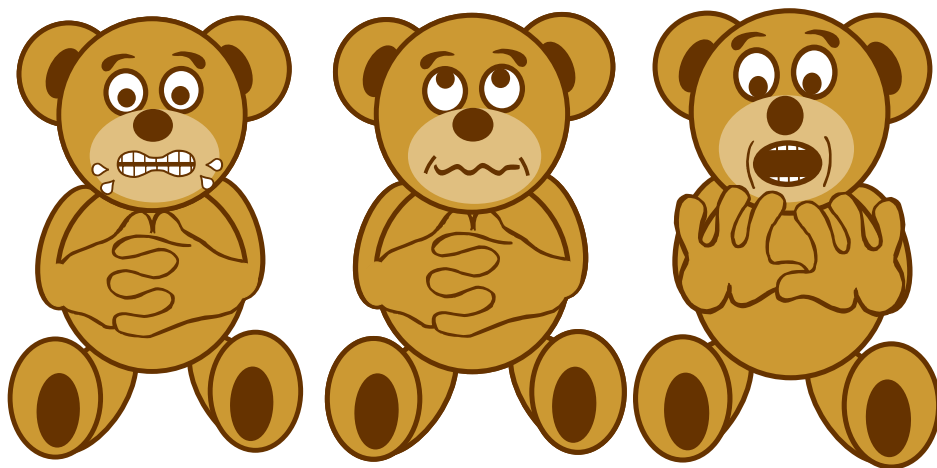

Sometimes he even feels the need to cry!

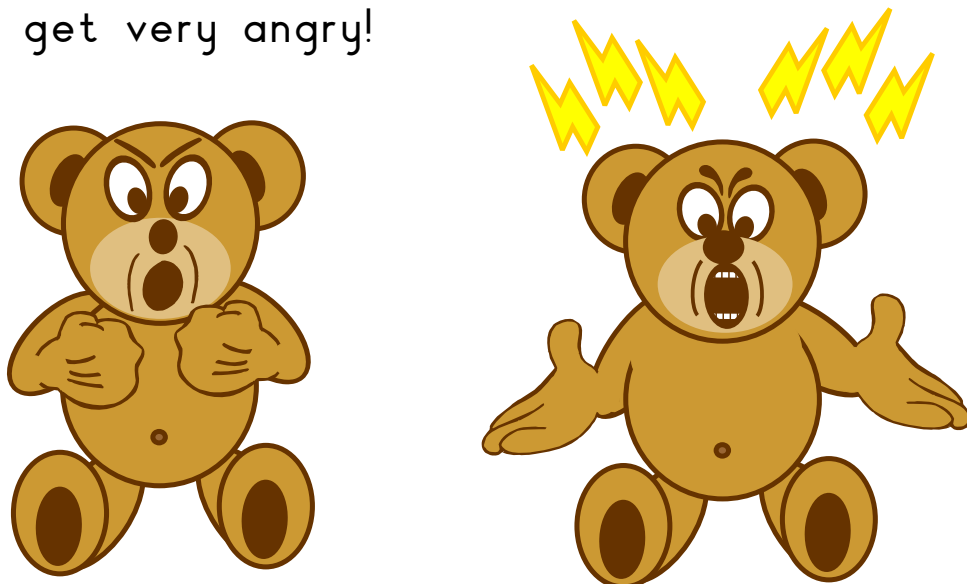

Sometimes he has fun and starts laughing out loud!

At other times he's frightened and afraid!

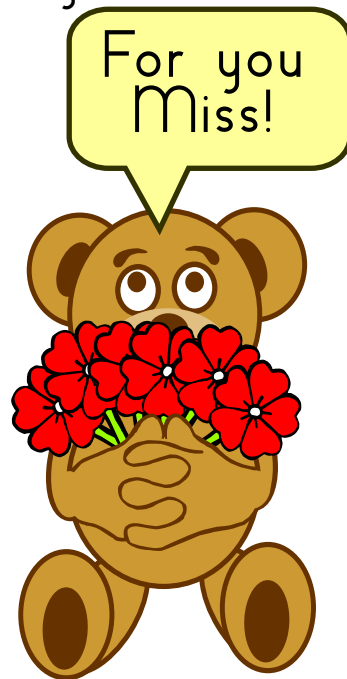

He can also get very angry!

He can also fall in love!

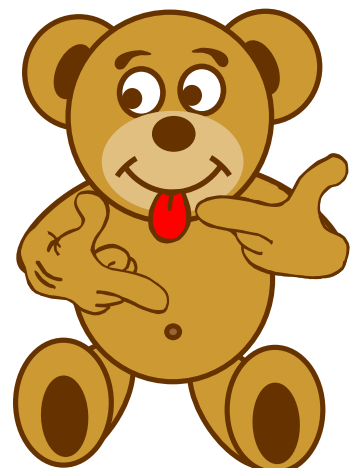

And he can also love you!

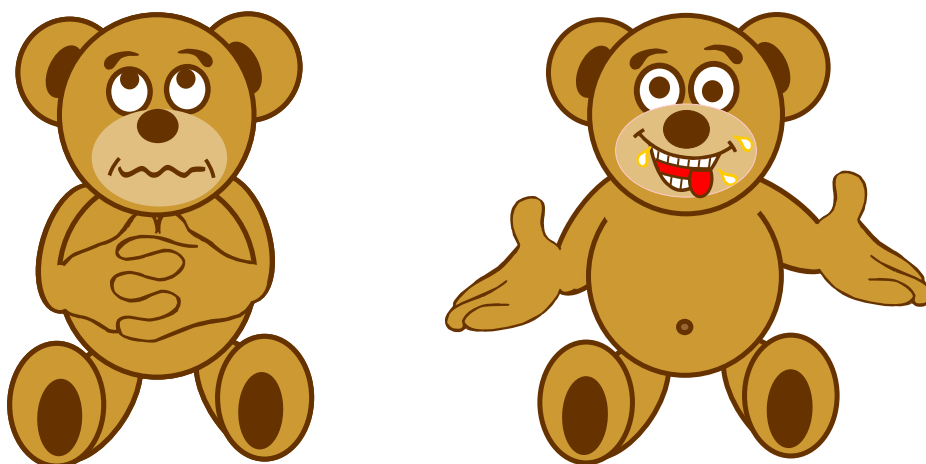

Sometimes he can be mean, annoying or nasty!

'He dares you at times or makes jokes!'

Sometimes he can't remember anything and is totally confused!

If things get too much or he doesn't get his way, he starts sobbing really loudly.

He's a real bear just like you and me! Sometimes a bit different.

He still has a lot to learn to become a real bear!
Learn together with him and become a real bear too!
